

MEDIATION WAITS ON GEN. CARRANZA

MEDIATORS HOPEFULLY CONFIDENT REBEL ENVOYS WILL BE SENT

Believe Pacific Settlement of Whole
Trouble Would Be More Quickly
Obtained if All Parties on Mexican
Dispute Would Be in Niagara
Falls to Shape Program of Peace.

NIAGARA FALLS, Ont., June 3.—Mediation tonight waits on General Carranza, commander in chief of the constitutional forces in Mexico. Upon his word depends whether the entire Mexican problem will be settled or whether the constitutionalists will continue to fight their way by force of arms to Mexico City.

The mediators were in a dignified way smoothed the path for constitutional participation. The United States government wants them to accept. A rejection of the invitation may eventually mean the withdrawal by the Washington government of the moral support it has been extending to the constitutional cause.

The mediators tonight are hopelessly confident that General Carranza will send envoys here. Instead of believing the negotiations will be indefinitely prolonged by such a course, they think a pacific settlement would in reality be more quickly obtained as all parties in the Mexican dispute would then be here to shape the programme of peace.

There were no conferences today with either the Mexican or American delegates. It may be stated that all principles here would like to see the constitutionalists enter the negotiations in a spirit of conciliation.

There will be no obstacles technical or otherwise placed in the path of the constitutionalists by the Huerta delegates. Just what was contained in the note from the mediators to General Carranza transmitted today by Rafael Zubaran at Washington to the constitutionalist chief was not revealed here. The mediators said that out of courtesy to Carranza the document would not be made public here. An answer is not expected for another day or two but there is a general confidence that it will be favorable.

Phraseology Paves Way.
The mediators have not literally invited the constitutionalists anew but the phraseology of the note is such as to pave the way for their entrance to the negotiations.

There is every disposition on the part of the mediators to treat the interests of the constitutionalists fairly and with a realization that they dominate now the largest part of Mexico and constitute practically the most important factor in the problem. One of the men close to the mediators declared:

It is understood here that the constitutionalists have hesitated to favor mediation because of a misconception of the character of the proceedings. The mediators are daily approaching Mexican internal questions which have as well an international aspect in the most tactful manner. The Huerta delegates for instance have been able to discuss those phases without yielding the sovereignty of their nation.

There is no purpose here to legislate on the land question. The American delegates have never suggested any specific plan for the remedy of the Agrarian troubles nor to they intend to do so. What the American government and the mediators desire is that the new provisional government shall be morally obligated to take up the land question and dispose of it with justice to all interests.

NEW HAVEN DIRECTOR TESTIFIES BEFORE COMMISSION

James S. Eaton Declares Board
Depended Upon Judgment of Executive
Committee in Most Matters.

Washington, June 3.—James S. Eaton, director of the New Haven railroad, testified before the interstate commerce commission today that while he did not approve of what he termed "extravagances" in the purchase of some of the road's subsidiaries, he had voted for such acquisition.

Mr. Eaton declared that the board largely depended on the judgment of the executive committee.

"We did not like to run counter to Mr. Morgan," he said, and added, that his disinclination probably was due to "timidity."

In discussing the purchase for \$11,000,000 of the New York, West Chester and Boston road, the stock of which former President Mellen of the New Haven testified was worth only "about ten cents a pound," Mr. Eaton said that he had sought information on the deal but thought that he was a bit too "thick headed" to understand just what the situation was.

The witness declared that the acquisition of trolleys in New England was part of the New Haven's plan to increase its facilities and that while many of the properties had only a prospective value, the natural growth of the territory was considered in their purchase.

Mr. Eaton testified that the directors of the New Haven had changed their methods and now were not influenced so much by one or two men like J. Pierpont Morgan and Mr. Mellen, as they formerly were. He said the "directors now direct" and had learned a great many things.

He added that President Elliott was more deliberate than Mr. Mellen and did not rush them off their feet.

James S. Skinner, another director testified that it was his belief that if things had been allowed to go on and the New Haven and its officials had not been subjected to inimical inquiries and legislation the property would have pulled out all right, perhaps in five years.

He asserted that Mr. Mellen could have retained the presidency of the road had he so desired, as he had a majority of the directors with him.

Mr. Skinner will resume his testimony when the inquiry is continued tomorrow.

SENATOR VARDAMAN CRITICIZES WILSON

ATTACKS PRESIDENT'S POSITION ON CANAL TOLLS EXEMPTION REPEAL

Mississippi Democrat Also Vigorously
Assails Sen. Root—Speaker
Particularly Raps Wilson for
Failing to Keep the Pledges of
the Baltimore Platform.

WASHINGTON, June 3.—Just when a vote on the Panama canal tolls exemption repeal bill seemed certain within a few days, the senate foreign relations committee today complicated the situation by reporting favorably a resolution for the submission of the dispute with Great Britain to arbitration.

There was no discussion of the resolution but it will be taken up before a vote is reached on the repeal bill itself and its appearance before the senate undoubtedly will lead to further debate.

So far as administration leaders know the president is opposed to arbitration unless the tolls exemption repeal bill previously is passed and no word had come to the capitol tonight that he had changed his position. It is believed by many senators that without the president's approval no arbitration proposal can receive a majority.

During the debate today Senator Vardaman, Democrat of Mississippi, a vigorous opponent of repeal, made an impassioned speech criticizing the president's position and attacking Senator Root, one of the leaders of the opposite side. The senate quickened its pace today on the repeal bill and spent most of the seven hours it was in session in debate. If leaders carry out their plan to keep the measure constantly before the senate, even the arbitration resolution may not delay the vote longer than next week.

Senator Vardaman particularly criticized President Wilson for failing to keep the pledges of the Baltimore platform. He referred to one of the president's speeches in which he said the Democratic platform was "not molasses to catch fly with."

Declaring that he regarded a platform pledge as binding as the oath of office, Senator Vardaman continued:

"The idea of any one human being, however great in his own conceit or wise in the estimation of others, imagining that he has the power to abolish himself from such a pledge, in order to substitute some theory of his own in place of it is a heresy in political religion in the United States which is now being preached and practiced by the leaders of the Democratic party for the first time."

"It may be treason to the crown but I cannot approve it. I will not subscribe to such a doctrine."

"It strikes me," he said, "that the Democratic party has fallen upon evil lines, its poverty of leadership has become pathetic, when it has to rely upon the distinguished senator from New York (Mr. Root) that astute, resourceful, untiring lawyer whose professional career is distinguished by his successful defense of predatory interests and the malefactors of great wealth, this erudite, radical exponent of the Hamiltonian theory of government."

"Think of Bryan and Root pulling together shoulder to shoulder for the moral and mental uplift of the American people and the salvation of our national honor."

"Does any senator imagine that the repudiation of platform promises will be overlooked and forgotten by the people or exhortations which Secretary Bryan gave to the violators of platform pledges in his memorial address to the Pennsylvania legislature on May 13th, 1913?"

THE CARMACK AMENDMENT.

Senator Cummins' proposal that the Carmack amendment to the interstate commerce law be re-written so as to hold railroads liable generally for loss to shipments during transit was before the senate today.

SYLVIA PLANS A NEW MOVE

Miss Pankhurst Threatens to Lie on
Steps of Commons Without
Food or Water Until De-
mand is Met.

London, June 3.—"I will lie on the steps of the house of commons without food or water until Aequith consents to receive a deputation."

This threat was uttered by Sylvia Pankhurst at a meeting and she declared she would carry it into effect should the suffragettes fail in their endeavor to see the prime minister on June 10th. Militants assaulted managing editors of two of the leading newspapers of Belfast, Ireland, which had criticized the militant campaign.

A savage attack with a hatchet was made by a young and stylish gowned suffragette on an attendant at the Dore Gallery, who tried to prevent her from destroying valuable pictures. She was arrested.

WABASH REORGANIZATION PLANS ARE DISCUSSED

Railroad Commissioners of Missouri,
Utilities Commission, and Railroad
Men Meet in Springfield.

Springfield, Ills., June 3.—Reorganization plans of the Wabash railroad were discussed at a meeting here today of the Illinois public utilities commission and the railroad commissioners of Missouri, A. B. Pryor, receiver of the Wabash; Winslow Pierce of New York, chairman of the reorganization committee; J. L. Minul, solicitor for the receiver; Mr. Shores of Chadbourne and Shores of New York, who hold \$100,000 in unsecured claims and attorneys representing James Pollitz of New York, who also holds \$100,000 in unsecured claims.

The holders of the unsecured claims opposed the reorganization plans. This class of claims total \$750,000 while there are judgments against the company for damage cases amounting to \$100,000.

Reorganization plans provide for the payment of these claims with fifty percent of bonds and fifty percent of stocks.

The suggestion of Commissioner Yates that the unsecured creditors should be paid in full, Attorney Minul replied that this was impossible, the paramount interest in the case being to have a good railroad.

This afternoon after a brief session adjournment was taken until 10 a. m. tomorrow.

TELL OF KARLUK'S DESTRUCTION

rooning of Crew in Arctic.

Fairbanks, Alaska, June 3.—Graphic details of the destruction of the Stefansson ship Karluk and the marooning of her crew in the arctic wastes are given in despatches from St. Michael where Captain Bartlett was landed last week by the Whaler Herman. The Karluk was caught in the ice near Point Barrow and drifted for five months with her helpless crew before she was crushed and sunk in the arctic ocean northeast of Siberia, January 16th. The crew escaped on sledges and made their way to Wrangell Island.

Captain Bartlett remained on the island until March 18th, when with one Eskimo and a dog team he set out over the ice for the Siberia coast where he was picked up. He declares the remainder of the party have provisions sufficient to last until they can be rescued.

RAILROADERS OBJECT TO ANTI-TRUST BILLS

POINT OUT TO INTER-STATE COM- MERCE COMMITTEE OBJECTIONS

Members of the Committee Seem in
Sympathy With Some of the Views
Expressed, Especially in Regard to
the Railroad Securities Bill Now
Before the House.

WASHINGTON, June 3.—Two railroad presidents and one railway lawyer spent five hours today in pointing out to the senate interstate commerce committee many objections they have found to features of the anti-trust bills now before congress which vitally affect common carriers.

The railroad men agreed that there seemed to be a demand and possibly there was a need for legislation designed to prevent evils that have appeared in railroad affairs in the past but they criticised their methods proposed in the bill for their correction.

Judge Robert S. Lovett, president of the Union Pacific, E. P. Ripley, president of the Atchafalaya, Topeka and Santa Fe and A. H. Harris, general counsel for the New York Central were the speakers. Other railroad men will appear tomorrow.

Members of the committee evidently were in sympathy today with some of the views expressed. Senator Cummins declared that the railroad securities bill which is now before the house went far toward obliterating all lines between private and public ownership of interstate railroads.

"There is no more reason to legislate on the theory that all railroads are dishonest than there is to say that because burglars operate after dark nobody shall be allowed out at night," was the way Judge Lovett summed up his criticisms.

Mr. Ripley made general criticism of the securities bill. He spoke of amendments to it proposed by the interstate commerce commission and remarked that the commission one of the most powerful bodies in the world, now wanted more power. Delegation of supervisory powers to the commission was declared to mean the "shackling of directors" and he vigorously opposed the idea that a road should be compelled to tell in advance what it wanted to do with money obtained from securities.

"You won't want things like that posted on the town pump," said Mr. Ripley.

Mr. Harris told the committee he believed in federal incorporation of railroads as the best method of solving many present day problems.

JUDGMENT OF U. S. CIRCUIT COURT OF APPEALS AFFIRMED

Opinion of Judge Seaman Affirms
Granting of New Trials to Olaf A.
Tveitmo and Richard Houlihan.

Chicago, June 3.—The judgment of the United States circuit court of appeals in granting new trials to Olaf A. Tveitmo of San Francisco, and Richard Houlihan of Chicago, in the dynamite cases, was affirmed by that court today in an opinion handed down by Judge Seaman.

The court reversed itself in granting a new trial to William Bernhardt of Cincinnati. The government's contention that the court erred in granting Bernhardt a new trial was upheld by the court and the sentence of one year imposed by the lower court must be served, according to the opinion.

The decision today was on the government's petition for re-hearing on the granting of new trials to the three men argued here several weeks ago. At that time 21 other defendants were given until June 5th, to report at Leavenworth prison to begin serving their sentences. This date was deferred until June 25th, by order of the court last Monday to give President Wilson time to consider evidence in connection with petitions for pardons for the convicted men. The court took the arguments as to Houlihan, Tveitmo and Bernhardt under advisement and as a result reversed themselves in Bernhardt's case.

Tveitmo was sentenced to six years imprisonment and Houlihan to three years by the verdict in the lower court at Indianapolis. Unless the government unearths new evidence against them it is said that they will probably not be tried again.

I appoint the Farmers State Bank & Trust Company, of Jacksonville, Illinois, executor of this my last will and testament, and trustee of my estate as hereinafter set forth.

I desire and direct that my executor pay my funeral expenses and all of my just debts as soon after my death as can be conveniently done. I desire that such payments shall be made out of the proceeds, as far as the same will reach, of the sale of a certain lot owned by me located on the North Side of Mound avenue immediately east of the property occupied by A. G. Burr and family, being one hundred and twenty-six (126) feet abutting on Mound avenue by two hundred and eleven (211) feet deep running north from the north line of said Mound avenue, and being part of lot thirty-nine (39) in College Grove addition to Jacksonville, which said premises I direct my executor to sell at either public or private sale as in its discretion may seem best for cash in hand, and to make, execute and deliver the necessary conveyances therefor. Should the proceeds of the sale of said lot not be sufficient to pay my debts and funeral expenses, I desire that the unpaid balance shall be paid out of my personal estate.

I have heretofore given to my wife, Ella Headley Browning, the household goods, furniture and contents of our homestead premises owned by my said wife and situated at No. 1421 Mound avenue, in Jacksonville, Illinois. I do hereby confirm said gift and do give and bequeath to my said wife, all chattel property, household goods and furniture and all other contents of said homestead premises and in addition thereto I give and bequeath to my said wife, all of my personal property of whatsoever kind and character and wherever the same may be situated; subject only to the payment of my debts, if any, remaining unpaid after the sale and application of the proceeds of sale of said part of lot thirty-nine (39) in College Grove addition to Jacksonville above mentioned.

I do hereby release my said wife, Ella Headley Browning, from her obligation upon all of the covenants by her made in and under our marriage contract, and declare that she shall have the full right, in the choice to renounce this will and to take her share of my estate under the statute.

I give, bequeath and devise all the rest, residue and remainder of my property consisting of approximately six hundred and forty (640) acres of farm land now owned by me in Sangamon county, Illinois, and lying between New Berlin and Island Grove, and also any other real estate of which I may be seized at the time of my death, excepting that part of lot thirty-nine (39) in College Grove addition to Jacksonville above described, and which I have set aside for the payment of my debts and funeral expenses as hereinbefore set forth, to The Farmers State Bank and Trust Company of Jacksonville, Morgan county, Illinois, as trustee, to have and to hold the same upon the trusts following, to-wit:

First, Upon Trust. To handle, manage, control, lease and operate the same for and during the life of my wife, Ella Headley Browning, to rent my farm lands to the best advantage, either for cash or grain rent, as my executor and trustee may deem most advisable; and of the income thereof, to pay the taxes, assessments, insurance, and necessary repairs and the expenses

of keeping up said farms, and to pay all other expenses incident thereto.

Second, Upon Trust. Out of the net annual income of my said real estate, to pay to my sister, Sallie Browning Orear, for and during her natural life only, an annuity of twelve hundred dollars (\$1200.00), and I expressly will and direct that said annuity be paid to my said sister, Sallie Browning Orear, in person, and not upon any order, verbal or written, nor upon any assignment or transfer whatsoever of the said Sallie Browning Orear, and that said annuity and the principal out of which it shall accrue, while in the hands of my said executor and trustee, shall not be liable for the payment of any debt or obligation of the said Sallie Browning Orear either heretofore contracted or incurred or that may hereafter be contracted or incurred.

Third, Upon Trust. To pay all of the remainder of the net income of my said real estate to my wife, Ella Headley Browning, for and during the term of her natural life.

Fourth, Upon Trust. If my said wife, Ella Headley Browning, shall survive my sister, Sallie Browning Orear, then to pay all of the net income of my said real estate after the death of my said sister, to my said wife for and during her natural life.

Fifth, Upon Trust. Upon the death of my wife, Ella Headley Browning, to convert my said real estate into cash, my trustee using its best judgment and discretion as to the time and terms and conditions of such sale, acting in the premises for the best interest of my estate; to make all the necessary and proper conveyances of said lands, and to pay over the full one-half of the proceeds of my said real estate to the person or person to whom my said wife shall by her last will and testament direct, hereby giving and granting unto my said wife, Ella Headley Browning, the full right and authority by her last will and testament to direct to them or the survivor of them, on said amount, on the annuity plan of said society, for and during their natural lives and the life of the survivor of them, and in the event of the death of either of them the whole amount of said interest shall be paid to the survivor during her life. If, however, my said cousins or one of them be not living, my said trustee will pay over said sum to said society unconditionally. In the event the said society shall be unable to enter into bond as above provided, or shall refuse to do so, then I desire said sum to be invested by my trustee in good securities, and the net income thereof paid over to my said cousins or the survivor of them during their lives and the life of the survivor, and at the death of the survivor of them my trustee will pay over said sum, less its reasonable commissions, to the said Church Extension Fund.

Sixth, Upon Trust. After the death of my wife, Ella Headley Browning, if my sister, Sallie Browning Orear, shall survive her, and after the sale of my real estate as above provided, and after the payment of one-half of the proceeds of the sale of my real estate in the hands of my said trustee, as directed by the last will and testament of my said wife, to invest in first class farm mortgages or first class securities, a sufficient sum to yield annually after the payment of taxes and other expenses of handling this fund, a net income of twelve hundred dollars (\$1200.00) with which to pay the annuity of twelve hundred dollars (\$1200.00) to my said sister, Sallie Browning Orear, as above provided, during the remainder of her natural life, and I expressly will and direct that neither the principal of said trust fund nor the annuity arising therefrom, while in the hands of my said trustee, shall be liable for the payment of any debt or obligation of the said Sallie Browning Orear heretofore contracted or incurred or that may be hereafter contracted or incurred and I will and direct that said annuity be paid to the said Sallie Browning Orear in person, and not upon any order, verbal or written, nor upon any assignment or transfer whatsoever by my said sister.

Seventh, Upon Trust. After the death of my wife, Ella Headley Browning, if my sister, Sallie Browning Orear, shall survive her, and after the sale of my real estate, and after the payment of one-half of the proceeds of the sale of my real estate in the hands of my said trustee according to the directions of the last will and testament of my said wife, and after the investment of the fund mentioned in clause Sixth, Upon Trust, being the last foregoing clause of my will, to produce an annuity of twelve hundred dollars (\$1200.00) for my sister, I desire and direct my trustee to set aside, in addition to the foregoing trust fund for my said sister, an additional sum of ten thousand dollars (\$10,000.00) the same to be invested in first class farm mortgages or other first class securities, and to pay the net annual income thereof after the payment of taxes and other expenses on said principal sum, to my said sister for and during her natural life, said payments to be made to my said sister in person, and not upon any order, written or verbal, nor upon any assignment or transfer whatsoever; and it is my will that in the event of the happening of any extraordinary emergency in the life or health of my said sister, necessitating the expenditure of more than the income of said last mentioned sum of ten thousand dollars (\$10,000.00), then I authorize my trustee to draw such sum as in its judgment shall seem to be necessary to meet such emergency from the principal of said fund of ten thousand dollars (\$10,000.00). I make this provision in order to provide for an emergency, such as for instance a long illness or other like happening which would consume all of the income and ready funds of my said sister, but I do not mean that my said trustee shall use the principal of the said fund of ten thousand dollars (\$10,000.00) for any purpose except in case of necessity, and after my said sister has exhausted her own funds, and is in need of care or assistance, then and in such event my trustee will apply such portion of the principal of said fund to provide for her comfort in case of illness or other like extreme emergency as in its sound judgment shall seem best. All of such payments, whether of income or principal, shall be made to my said sister in person, and not upon any order, written or verbal, nor upon any assignment or transfer whatever, and neither the principal, nor the interest of said trust fund, while in the hands of said trustee, shall be liable for any debt or obligation of my said sister either heretofore con-

tracted or incurred or that may hereafter be contracted or incurred.

Eighth, Upon Trust. After the death of my said sister, Sallie Browning Orear, the principal of the fund above mentioned, set aside to produce the annuity for my said sister and whatever shall remain of the said fund of \$10,000.00, shall thereupon be and become part of the residue of my estate and shall be applied by my trustee as hereinafter provided.

Ninth, Upon Trust. In the event of the neglect or failure of my wife, Ella Headley Browning, to make a will, and to dispose of the one-half of the proceeds of the sale of my real estate, said one-half of the proceeds of the sale of my real estate or such portion of said one-half thereof as she shall not by will have disposed of, shall be and become part of my residuary estate and shall be distributed as hereinafter provided.

Tenth, Upon Trust After the death of my wife and after the sale of my farm lands, and after the payment of one-half of the proceeds of the sale of my real estate as directed by the last will and testament of my wife, and after having set aside the fund to produce the annuity of twelve hundred dollars (\$1200.00) for my said sister for and during her natural life, and after having set aside the said fund of ten thousand dollars (\$10,000.00) as above mentioned, in the event my said sister shall survive my wife as above particularly set forth, then out of the remainder of the property in the hands of my said trustee, I desire by trustee to pay to the Church Extension Fund of the Christian Church (Disciples of Christ) affiliated with the American Missionary Society, with headquarters at Kansas City, Missouri, the sum of five thousand dollars (\$5000.00), but only on the condition, however, that if my cousins, Miss Nannie Browning and Miss Sallie Browning, of Burlington, Iowa, or either of them, be living, said society shall enter into bond to my said cousins or the survivor of them, to pay semi-annual interest to them or the survivor of them, on said amount, on the annuity plan of said society, for and during their natural lives and the life of the survivor of them, and in the event of the death of either of them the whole amount of said interest shall be paid to the survivor during her life. If, however, my said cousins or one of them be not living, my said trustee will pay over said sum to said society unconditionally. In the event the said society shall be unable to enter into bond as above provided, or shall refuse to do so, then I desire said sum to be invested by my trustee in good securities, and the net income thereof paid over to my said cousins or the survivor of them during their lives and the life of the survivor, and at the death of the survivor of them my trustee will pay over said sum, less its reasonable commissions, to the said Church Extension Fund.

Eleventh, Upon Trust. Likewise after the death of my wife, the sale of my lands, and the setting aside of said fund, I desire my trustee to pay in like manner, to the Foreign Missionary Society of the Christian Church (Disciples of Christ) with headquarters at Cincinnati, Ohio, the sum of three thousand dollars (\$3,000.00), but only on the condition, however, that if my cousins, Miss Nannie Browning and Miss Sallie Browning, of Burlington, Iowa, be living, said society shall enter into bond to my said cousins, to pay interest to them, and to the survivor of them, semi-annually on the annuity plan of said society, for and during their natural lives, and the life of the survivor of them. If, however, my said cousins, or one of them, be not living, my trustee will pay over said sum to said society unconditionally. In the event the said society shall be unable to enter into bond as required above, or shall refuse to do so, then, I desire my trustee to invest said sum during the lives of my said cousins, and the survivor of them, in good securities, and to pay over to my said cousins, or the survivor of them, the net income thereof during their natural lives, or the life of the survivor of them, and at the death of the survivor of them, to pay over said sum to said society, less its reasonable commissions for handling the same.

Twelfth, Upon Trust. Likewise after the death of my wife, the sale of my lands, and the setting aside of said funds, I desire my trustee to pay to the National Benevolent Association of the Christian Church (Disciples of Christ) the sum of five thousand dollars (\$5000.00) solely for the use of the Old Peoples Home of Jacksonville, Illinois, the same to be used either for necessary additional building, or to be put into the endowment fund for said Old Peoples Home of Jacksonville. If, however, the Old Peoples Home shall have been removed from Jacksonville, Illinois, then I desire said sum to be used by said society as directed above, for the benefit of whichever of their Old Peoples Homes elsewhere the said society may deem most advisable.

Thirteenth, Upon Trust. Likewise after the death of my wife, the sale of my lands, and the setting aside of said funds, I desire my trustee to pay to the trustees of the Church of Christ, now known as the Central Christian Church, at Jacksonville, Illinois, the sum of five thousand dollars (\$5000.00) to be used by them in such manner as they may deem to be for the best interests of the local church, except that no part of said sum shall be used for the current expenses of the church.

Fourteenth, Upon Trust. Likewise I desire my trustee to pay to Eureka College, of Eureka, Illinois, the sum of five thousand dollars (\$5000.00) to be held sacred to the endowment of the Department of Sacred Literature the annual interest of said sum only to be expended.

Fifteenth, Upon Trust. Likewise, I desire and direct my trustee to pay to the trustees of the Church of Christ aforesaid, at Jacksonville, Illinois, the sum of five thousand dollars (\$5000.00) to be expended by said trustees for the following purposes, to-wit: I desire, as far as said

FUNERAL OF MRS. B. S. GAILEY WEDNESDAY LARGELY ATTENDED

Services Were in Charge of Dr. A. B. Morey—Interment at Woodview Cemetery—Mrs. W. B. Brown Jr., Sang Solos.

In the presence of a large gathering of relatives and friends, including a number from Bloomington, Chicago, Island Grove, New Berlin, Springfield, Ashland and Decatur, impressive funeral services for Mrs. Byron S. Gailey were held at the late residence, 340 West State street, Wednesday morning at 11 o'clock. The services were in charge of Dr. A. B. Morey, who paid fitting tribute to the life of Mrs. Gailey. The minister referred briefly to the devotion to duty which was ever apparent in Mrs. Gailey's life and to those qualities which endeared her to those who came into contact with her. Mrs. W. B. Brown Jr. sang in a manner which added much to the impressiveness of the services. "I Stand Every Hour" and "Come Day We'll Undertand" and at the cemetery "Asleep in Jesus."

There was an abundance of beautiful flowers, which were cared for by Mrs. Frank Huffaker, Mrs. Lloyd Brown, Mrs. Darwin Gailey and Miss Hallie Smith.
After the service at the residence the funeral party went to Woodview cemetery at Island Grove in automobiles. An automobile hearse was brought from Springfield for the funeral and fifteen cars carried the relatives and friends to the cemetery. Dr. Morey said the commitment service at the grave. The bearers were Dr. Darwin Gailey of Ashland, Lloyd Brown, William Barr Brown, Edward Dunlap, E. E. Crabtree and H. H. Bancroft.

Among those from a distance who were here to attend the funeral were: Dr. Watson Gailey and Miss Virginia Gailey of Bloomington; Mr. and Mrs. Frank Huffaker and Miss Rivena Gailey of Chicago, Mr. and Mrs. Benjamin Brown and Miss Hallie Smith of Island Grove; J. D. Smith of Sheridan, Wis.; Dr. and Mrs. Ralph Hinton of Elgin; Dr. and Mrs. Darwin Gailey, Mrs. W. W. Gailey, and Miss Beggs of Ashland; Miss Margaret Sinclair, Mr. and Mrs. James Y. Cully and Dr. B. Smith of Springfield; Mrs. Price Miller of New Berlin and Dr. E. J. Brown and daughter, Miss Rebecca, of Decatur. Dr. Morey in his address said in part:

"The untimely ending of this useful life calls for special comfort. None of us have any such comfort to give but God has a rich abundance of it and all that any of us can do is to try to help each other to take it. Our Heavenly Father has been at work all the time, to prove to us, to make us see that He loves us. He that spared not His own son but delivered Him up for us all, how shall He not freely with Him give us all things?" If we will take that fact and fully appreciate it all doubt of His goodness would be swept out of our minds. We are to rest our heads and our hearts in that thought that God loves us. That love of God is the secret, the source, the foundation, the fountain of all comfort. Said one in the darkest hour, "I am poor and needy but the Lord thinketh upon me." God's loving thought of us just now finds its richest expression in this sorrow. It is another proof of God's love. It is believing that when we cannot understand it that cheers us. Blessed said Christ, are they who have not seen and yet have believed. Trust God now in the dark and it will mean something. It is easy to believe when we see what it all means. But before the perfect day dawns believe it and it brings the brightest day of our lives. The richest of God's earthly gifts is an accepted sorrow.

"Let us not lose this one. We do not know now what the sorrow says but we shall know if we accept it is the evidence of God's love. We may be sure of this that for the present it seemeth to be grievous and not joyous yet afterward it yieldeth the peaceful fruit of righteousness into them that take the fruit. "One of the peaceful fruits is patience." It takes time for that fruit to ripen. It is bitter at first. Christ learned obedience by the things which suffered and we must have patience through the things that we suffer. "Let patience have her perfect work." Weeds are plants whose usefulness we are just beginning to discover. Many of our weeds contain healing properties and are blossoming into most beautiful flowers in our gardens. Cultivated patience is a cure for some of our worst troubles. Another fruit is sympathy. It is the grafted tree that bears the most delicious fruit. When President Garfield was dying his private secretary handed him telegrams from all over the world saying here is sympathy for you. "Not sympathy for me," the president said. "That is nothing. I want sympathy with me." It is feeling with us that helps and heals. A fellow sufferer whose suffering is triumphed over can bring only relief.

"John Bright, the greatest of the English statesmen, thought no one could be as happy as he with his wife. Within a year his wife was dead and the light of his life went out. He was utterly prostrate; his friend Cobden came to him and said, 'Now that your wife has gone from your side can you not give your life in memory of her to the women of England, and make their lives brighter for her sake?' With the pain in his heart he gave himself to the good of others and found the best of his life and years afterward said, 'My God knew best.' Most of all this love from heaven makes sorrow and brings us to know God. We never seem to know God till the hour comes. Then we cling to Him. We do not think much about God when all goes well. We are buried in business or pleasure or cares at home but our home is broken up and in our bitterness we say life is mockery but we turn to God and find He is a very present help in trouble. Tenneyson said it by sickness and desolation and loss that we come to hold the key of all we believe for then we become so well acquainted

with God that we no longer fear the development of His providence." For we know that all things work together for good to them that Love God."

Today, on the bargain table, first floor, are 25 ladies' fine wool suits. Choice colors, all new models, none worth less than \$16.50, and most of them up to \$22.50, reduced now to \$6.75.

How I Produced 12 Pounds of Beef From One Bushel of Corn.

I bought 44 cattle through Milton Marshall & Co., St. Louis, of Henry Wright, they averaged 941 pounds, March 19, 1914 in St. Louis. I put them in dry lots March 27th, fed them all they would clean up in 30 minutes, crushed corn, cob and all then cooked in the 50 bushel steel Wood's Grain Softener.

I put them on grass May 25th, they averaged 1200 lbs. when put on grass. While in dry lot I gave each steer 5 lbs. clover hay. After they ate their grain, I kept out straw before them all the time, but they would not eat over one bale of straw per day. I fed at 6 a. m. and 6 p. m., at regular hours.

I measured the grain fed with a No. 8 scoop, feeding 50 scoops at each feed or 100 scoops per day, all they would clean up. I put in 20 bushels ground cob corn and all into a 50 bushel vat. This will fill it making 50 bushels feed, which makes 4 feeds, all they will clean up. I drew 50 gallons of syrup off and added 50 gallons of water, then added 1 1-2 bushels of ground oats and shorts, with which I am feeding 80 pigs that are doing well.

I will feed the cattle about 30 days longer and would be glad to have any one interested come and see them.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. Thousands of American women willingly testify to its virtue.

Rheumatic Throat Is Common Trouble

Should Be Treated in Blood To Prevent Recurrence.

There are successful gargles that stop soreness in the throat, but to prevent their incessant return, the blood must be put in order. The best remedy is S. S. S., as it influences all the functions of the body to neutralize the irritants or waste products and to stimulate their excretion through the proper channels.

Rheumatic sore throat is a dangerous indication, as it means that the blood is loaded with more uric acid than the kidneys can excrete, and may thus lead to serious general disturbance. The action of S. S. S. stimulates cellular activity. It prevents the accumulation of uric acids in local spots. It enables the arteries to supply quickly the new red blood to replace worn-out tissue. For this reason uric acid that finds the throat an easy prey to its breaking down influence, is scattered and eliminated. In other words, S. S. S. prevents chronic conditions by enabling all the mucous linings of the body to secrete healthy mucus. Its influence is shown in a marked improvement of the bronchial tubes, whereby the looseness of voice with thick, grayish expectorations is overcome. S. S. S., well diluted with water, means a blood bath, since it is welcome to any stomach and at once gets into the blood. S. S. S. is free of all minerals and contains ingredients wonderfully conducive to well-balanced health. You can get it at any drug store, but do not accept anything else. There is danger in substitutes. S. S. S. is prepared only by The Swift Specific Co., 528 Swift Bldg., Atlanta, Ga. Our Medical Dept. will give you free instruction by mail on any subject of blood disorders. Write today.

EVIDENCE IS HEARD IN NUNES MURDER TRIAL

STATE MAINTAINS THAT CONSPIRACY BROUGHT ABOUT SHOOTING.

Witnesses Tell of Family Differences at Various Dates—Whiskey and Other Drinks Had Something to Do With Troubles—Elder Nunes Tied With Twine "To Make Him Behave"—Insurance Suggested as Motive for Alleged Conspiracy.

The trial of Frank Nunes, Mrs. Mary Nunes and Jacob DeOrnellas charged with the killing of the late Antonio Nunes is now under way in the circuit court. The jury was secured just at noon Wednesday and in the afternoon the taking of evidence began after T. F. Smith had made a statement of the case.

In order to hurry the proceedings along Judge Jones ordered a night session of the court. This, however, did not last more than an hour for some of the state's witnesses were not present when called. In his opening statement T. F. Smith reviewed the incidents at the time Antonio Nunes was shot and indicated the state expected to prove that Frank Nunes had the shot gun when it was discharged and wounded Antonio Nunes and that this action was a part of a conspiracy entered into by Frank Nunes, Mrs. Nunes and Jacob DeOrnellas. J. O. Priest is associated with Mr. Smith in the prosecution and W. N. Hairgrove, J. Marshall Miller and John M. Butler are defending.

The jury in the Nunes case was completed Wednesday noon and is composed of the following: H. W. Dinwiddie; Arcadia; L. R. Watson; Woodson; W. W. Robertson; Prentice; John R. Allan; Lynville; Samuel Angelo; Lynville; L. C. Myer; Concord; J. F. Eckhoff; Jacksonville; Curtis Scott; Franklin; B. F. Henderson; Jacksonville; Charles Aufdenkamp; Chapin; George A. Moore; Jacksonville and Thomas Morrison; Concord.

Among those summoned by special panel and examined and excused on Wednesday morning were: Harry Onken, Chapin; Oyer Wright, Franklin; F. C. McDougall, Jacksonville; C. B. Williams, Prentice; P. F. Alexander, Jacksonville; Thomas Wall, Jacksonville; Thomas O'Connell, Woodson; Fred L. Deatherage, Waverly; Albert H. Scott, Markham; S. J. Baxter, Woodson; T. E. Rea, Murrayville; G. W. Hamilton, Jacksonville; George M. Spies, Jacksonville; John Staff, Jacksonville; S. W. Dunlap, Sinclair; W. H. Fisher, Chapin; Newton Woods, Franklin; J. J. Wall, Jacksonville; H. C. Lippert, Concord; H. M. Tulpin, Franklin; Martin (Wohlers, Meredosa; Theodore Toppenbeck, Concord; James Coffee, Jacksonville; Thomas Conlin and John Taylor.

Assistant State's Attorney, T. F. Smith then stated the case for the people. The procedure was delayed for some few minutes at this time on account of the absence from the court room of Jacob DeOrnellas, one of the defendants. He was found and returned to the court room after a short time. Mr. Smith then resumed his statement of the case. The attorney explained to the jurors that the access to a murder are held to be just as guilty as the man who fired the shot. He defined the term of the murder as a "law" defined it, and also defined the word "accessories." He said the evidence would doubtless show that the wife of Antonio Nunes had become dissatisfied with him. That he could not please her by anything that he did. He said further that the wound which Nunes suffered and from which he died on March 5, was caused by a shotgun in the hands of his son Frank. That tetanus, infection and other things had set to work in the wound and caused death. He said that while the doctors might say pneumonia killed Nunes, it was up to the jury to decide whether he died from pneumonia or whether death was due to the effects of the gunshot wound.

The defense had no statement to make at this time and all witnesses were called and sworn by the clerk. The witnesses called by the state were Samuel Nunes, W. F. Todd, Earl Cox, G. S. Taylor, A. C. Hughes, Thomas Laurie, John Laurie, Elita Sieber, Carl Sieber, Dr. T. O. Harless, Dr. Nathan Carpenter, John Phillips, Dr. W. P. Duncan, W. B. Rogers, Sadie Guyer, Miss Welch, William Murdaitroyd, Tony Nunes, Norman Nunes, Edward Ornellas, Sylvester Hoover, Sidney Olroyd, Herbert Vasconcellos, Drs. Edward Bowe and Carl E. Black, Earl and Ernest Servoss.

The witnesses for the defense will be Irene Fortado, Charles Nunes, Mrs. Charles Nunes, Dr. J. U. Day, Dr. W. P. Duncan, Ernest Francis, and Joseph Fortado.

Sam Nunes First Witness. The first witness to be called by the state was Samuel Nunes. In answer to questions of Attorney Smith he stated: "My name is Samuel Nunes. I live in Jacksonville and am a brother of Antonio Nunes, who is dead. I saw his body at his residence and at the undertaking establishment of Williamson & Cody. I know the house where he lived, which is northeast of the city. It is a two story house with four rooms, below and two or more rooms above. One room is to the south, one to the west, with the dining room in the middle. The door leading from a bedroom to the dining room is in the northeast corner of the dining room, opens to the south and is about one foot from the corner of the room on the north side. The dining room is large, about 16 feet north and south, by 18 feet east and west. I should judge. The stairway in the southwest corner of the dining room, leads up, going west a few steps, then turns north from the landing to the room above. There is a door

to the south on the landing which swings to the east. I should judge it is about two feet from the door to the stairway. I know that Mary Nunes and her husband, Tony, were not on very good terms for years before his death. I know that they didn't get along, but haven't been on the place for a good while. I saw them together very few times. The last time I was on the farm there was last fall. The only business deal which I know of in which Mr. and Mrs. Nunes were concerned, was when we were settling up the estate. Mrs. Nunes didn't want to sign the deed until she got the money, and we had quite a time getting the estate settled. Tony couldn't get to sign the deed. Mrs. Nunes has managed the farm for about the last eight years. She has marketed the crops and managed everything. Tony owned none of the land. The farm consisted of about 180 acres. I saw them together twice last year, and their manner was not very good towards each other. I saw Antonio the night he was shot, about two miles north of town, with Mr. Cox and Earl Servoss. They had him in a spring wagon. He was laying down with his head turned back on a pillow, which was all over blood. This was between 10:30 and 11 o'clock p. m. The roads were very rough. When we got to the hospital I saw where he got shot, and asked him about the shooting. The wound was on the right side below the ear, part of the ear and neck were shot off, making an opening 3 or 4 inches wide and 6 inches long. I saw him again the next morning at the hospital.

Tells of Visit to Hospital. Mr. Smith next asked the witness if, on the next morning at the hospital, Antonio Nunes had said anything to him in anyway concerning his living or dying. The defense vigorously objected to this question and the court dismissed the jurors and witnesses while the attorneys in the case produced evidence to substantiate their claims. The defense maintained the dying statement made one month before death took place, could not be taken in evidence as a dying statement. The objection was overruled and the jury recalled at 3:45. Samuel Nunes then resumed his testimony.

"When I called at Passavant hospital on the morning following the shooting Tony was lying on his back with his head all wrapped up, all except one eye being covered. He moved very little, could not move. This was about 9:30 or 10 o'clock. I talked with him that morning and asked him how he was getting along. He said 'That you Sam,' and I said 'yes.' I asked him how he was feeling and he said he felt very bad. He said 'they have been after me for a long time.'"

(This latter was excluded from the testimony on the ground that it was hearsay evidence. The witness referred only to how he felt and the condition of his health.) The witness continued, "Tony next said 'Sam, I am going to die.' He also said a few things about what he wanted to have settled. Tony told me that morning: 'I went into the dining room, was standing by the stove, by my wife. I asked my wife what she meant by having the curtains all drawn down. She said nothing. I took two steps toward the stairway, looked up and saw Frank with a gun in his hand. I said, 'My God, Frank, what are you going to do with that gun. Then the shot was fired.' Tony said he didn't have any gun or any shells. That he wouldn't have harmed any of his boys and didn't think they would do him that way. (The last as to what he thought was ruled out.) He said, 'Frank did the shooting, but his mother and Uncle Jake were the cause of it.' (This latter statement in regard to Mrs. Nunes and Jacob Ornellas was excluded from the records.)"

Cross Examined by Mr. Hairgrove. Attorney W. N. Hairgrove then cross examined the witness, who stated that he saw his brother the night he was shot but couldn't tell by his talk that he had been drinking. He smelled nothing on him and saw no signs of intoxication the next morning. He was out there to the Nunes farm sometime last fall at a funeral. The witness stated that he had lived here his entire lifetime. Had been out to his brother's home not often in the last five or ten years. Has not been in the house five times in the last five years, but might have been through the place often. That the witness was present with him the morning after the shooting at Passavant hospital. In answer to the question as to what his feelings were toward Jacob Ornellas the witness stated his feelings were not very good toward Ornellas; that they had not been good since the shooting. When closely questioned as to his feelings towards Ornellas for a number of years previous to the tragedy the witness replied, "I never had much dealings with Ornellas, but there was no hard feelings." He admitted that the feeling between Mrs. Mary Nunes and himself had not been good for several years. The witness stated that each time he saw his brother at Passavant hospital, that he was worse. That he saw him frequently and that he rapidly became worse, made no improvement whatever.

Refers to Family Trouble. Earl Servoss was then called to the stand by the state and said his home is 1-2 miles north of Jacksonville, near the residence of Antonio Nunes. He knew the defendant and the deceased well. His testimony was about as follows:

"I have heard Jacob Ornellas talk over the telephone and know his voice. I have also heard Mrs. Mary Nunes over the telephone and am familiar with her voice. I overheard conversations between Jacob Ornellas and Mrs. Mary Nunes in the afternoon, before the shooting took place. The conversation was held partly in Portuguese and partly in English. The telephone at my home is a party line on the same circuit as Nunes' phone. I had the mumps and was laid up in the house, went to the telephone to

use it but when I took down the receiver and heard the conversation which was going on, it sounded interesting and I just stayed on the line. Ornellas said, 'I have been down to your daughter's, Mrs. Elita Sieber, talking to her and she is considerably worked up about the family trouble.' Mrs. Nunes said that Tony had been raising a fuss and that it had to be stopped. Ornellas said, 'I'll be over and see that it is stopped.' Mrs. Nunes replied, 'Yes, you have been going to stop it for the last ten years and never have yet.' Jacob Ornellas replied, 'I'll be over tonight and show you that I can stop it.'"

Asked About Drinking Habits. The state next called Mrs. Elita Sieber to the stand. The witness stated that she resided northeast of the city, is a daughter of Antonio Nunes and wife of Carl Sieber. She spoke in such a low tone that it was necessary several times for the court to admonish her to speak louder so that the jurors and attorneys could hear her testimony. The witness stated that Jacob Ornellas had called at her home about a week before the shooting and there was talking of the family affairs. The witness declared that Ornellas had then said, 'You'll soon see who will come out in this affair, the Nuneses or the Ornellases.' Mrs. Sieber didn't visit her parents very much and in regard to their relations, that Mr. and Mrs. Nunes weren't very pleasant together.

Attorney Hairgrove then cross examined the witness who stated that her father drank some, all the time. That he was not quarrelsome when he was drinking. She said her mother did not try to get him to quit. She said her father had stated at the hospital that if he ever pulled through he would never drink again.

Attorney Smith then questioned the witness, who said her mother drank some stuff, she didn't know exactly what it was, for she never got close enough to it to see what it was; that her mother kept it locked up. She didn't know whether Jacob Ornellas or her brother Frank drank or not.

Nunes Not Quarrelsome. The state then called J. H. Laurie to the stand. He lives one half mile south of the Nunes home. He knew the defendant and all the family. Has been at the Nunes residence several times. Mrs. Nunes managed the farm. The relations between Nunes and his wife were alright, except in times of difficulty. The witness explained that at times they apparently couldn't get along and knew of one time several years ago when he was there that they quarrelled. He didn't know of the relations between Frank Nunes and his father, but had never heard Frank say anything regarding Antonio.

In cross examination the witness said that he had heard of Nunes drinking but had never seen him when he was badly intoxicated. He was not quarrelsome when drinking, so far as he knew. The witness said that Nunes, when drinking, was not quarrelsome among his friends and neighbors but did not know how he was to his family.

Tied Father With Twine. Norman Nunes was then called by the state, but investigation revealed that he was not present in the ante-room. Tony Nunes was then called to the stand. The witness said he was a son of Antonio Nunes and Mary Nunes. Upon questioning by Attorney Smith he told of one night three or four months ago when his father was tied in the house. He said that all of his family and Jacob Ornellas was there at that time. His mother, Mrs. Nunes, Jacob Ornellas, Frank and Norman Nunes were there. The witness stated that he is single and lives at home with his mother. He stated the tying took place one night about 10 o'clock. That his father was tied with twine, which had been doubled seven or eight times. His hands were tied together and he was put to bed and left tied for two or three hours. In reply to the question as to what he was tied for the witness replied to make him behave himself, that he was cursing and saying that he was going to get rid of the whole family. The witness didn't remember of anything else the elder Nunes had said.

On cross examination by Attorney Hairgrove the witness asserted that his father was drinking and was pretty drunk and had threatened to kill the whole family, and that was the reason he was tied up. He also stated that his father was armed. The witness said he thought he had a single barbed shot gun. Recalls Night of Shooting. A. C. Hughes was next called to the stand and stated that he lives one half mile south of the Nunes home and knew the deceased about fourteen years, also acquainted with all the defendants. He heard Mrs. Ornellas calling Dr. J. U. Day on the telephone the night of the shooting. He went over to the house about 10 o'clock. Oils Taylor went there with him. When he arrived he saw all of the family, Jacob Ornellas and Mrs. Nunes. Mrs. Nunes was in the east bedroom sitting up with Mrs. Nunes supporting him. He first saw Jacob Ornellas when he came into the sitting room, out of the dining room. Charles and young Tony Nunes were supporting Jake, whose knees seemed to be unable to support him. They laid Ornellas on the couch in the sitting room. Frank was sitting in the sitting room. The witness said that both Frank Nunes and Ornellas could hear any conversation which he had with Antonio Nunes. When Nunes heard the witness come in the door, he called to him and after shaking his hand said, 'Here's one of my best friends.' He said to the witness in regard to the shooting that he asked his wife what she meant by having all the curtains pulled down and that about that time the gun went off. He said 'I didn't think my boys would treat me this way.' (This latter statement as to what he thought, was excluded.) The witness then, upon much questioning by the prosecution, described the house. He saw blood on the floor a little northwest of the stove in the sitting room, about eight or ten feet from the bedroom. He saw part of the wound when the phys-

cian dressed it and described it as being just below the right ear and about the size of his hand. At this time the count suspended, with Mr. Hughes still on the stand, until 7:30 when the evening session began.

Court convened again at 7:30 o'clock. The examination of Hughes continued but no new facts were developed.

Arthur Taylor was the next witness and told of being at the Nunes home soon after the shooting. He said he admonished those in the house to do no more shooting, that there had been enough shooting that night. He described the wound in the side or back of Mr. Nunes' head. In answer to a question the witness said that Jacob Ornellas did not leave the house while he was there. The witness said that he had made several trades at the Nunes farm and that Mrs. Mary Nunes seemed to be in charge. He told of receiving a call to come to the Nunes home and that someone said William and Samuel Nunes were coming and there might be trouble.

Sylvester Holder stated that he was called to the Nunes home one night, probably last December when because somebody had swiped a case of beer, two gallons of whiskey and a gallon of alcohol.

Ernest Servoss said he was at the Nunes house about 10 or 11 o'clock after the shooting. The witness told who was there. He said Jacob Ornellas was in bed and had his eyes closed and said nothing. The witness said Antonio Nunes told him that night that he did not suppose he had a boy who would do him that way, that they had been plotting against him and now he guessed they would be satisfied. (The court said this evidence must be considered only as relating to Mrs. Nunes.)

Sidney Olroyd told of being at the Nunes home almost a month before the trouble. He and Antonio Nunes, he said, went to Arenzville and bought six gallons of whiskey. Some other details were given and then the whole was ruled out by the court as immaterial.

Nathan Carpenter was the next witness called but knew nothing about the case and was excused. Edward Ornellas was placed on the stand with the same result. H. H. Vasconcellos was next called and testified that he is clerk of Camp 912, M. W. A. He showed records of the camp to indicate that the deceased carried an insurance policy in the society and that for about a year Mrs. Nunes had been paying the assessments.

Sheriff Rogers was the last witness of the session and told of his visit to the Nunes farm on the night of June 3rd. Then he related of the coming of Mr. Nunes to the hospital and other facts which had already been brought out. Other witnesses desired by the state were not present and court then adjourned until 8:30 o'clock this morning.

Plain Speaking

By WALT MASON.

I used to say just what I thought, on every mortal theme, and life was hectic then and hot, and every day a scream. I tried to show I had no fears of any human foes; and people often pulled my ears or else they punched my nose. But I was not dismayed, heretofore nor humbled yet, by heck! And people often jammed my hat clear down around my neck. My head was bloody but unbowed, as said some martial toff, and every time I met a crowd they'd kick my coattails off. "A soul undaunted still I have," I often would declaim; and then I'd buy a quart of salve to spread upon my frame. In time one wears of such strife, however bold his soul, and so, to gain a peaceful life, I canny my rigmorale. Instead of shooting off my bile at every time and place, I bought a large elastic smile, and wore it on my face. And though I still had burning thoughts (I kept the blamed things down, and no one heard the caustic shots for which I'd had renown. And now all day I dance and sing, and people like me much; my head's no longer in a sling, I do not need a crutch.

UNIVERSITY OF MISSOURI CELEBRATES.

Columbia, Mo., June 3.—This was jubilee day at the University of Missouri and the ceremonies were commemorative of the founding of the institution and the work it has accomplished during the 75 years of its existence.

Following an academic procession the anniversary exercises began at 10 o'clock this morning in the university auditorium. The gathering taxed the capacity of the big hall. Addresses were made by David P. Houston, secretary of agriculture of the United States; Dr. Harry B. Hutchins, president of the University of Michigan; David R. Francis, former governor of Missouri and president of the board of curators of the state university; William A. Ainter, and Lieutenant governor of Missouri, and William P. ORGANIZED BASEBALL

SCORES FIRST BLOOD

Injunction Preventing "Chief" John-
son From Playing With the Fed-
erals Is Made Permanent.

Chicago, June 3.—First blood in
the battle over "Chief" Johnson—
a battle that promises to reach its
final decision only in the highest
courts—was scored to the credit of
organized baseball today when Judge
Foell, upholding the Cincinnati Na-
tional League club in its every point,
made permanent the injunction
which prevented the pitcher from
playing with the "outlaw" Federal
League.

Both sides, realizing that the de-
cision marked only a single round
in the long fight, prepared to renew
the combat on new grounds. The
"outlaws" represented by the Kan-
sas City club, for which Johnson
deserted the reds at once re-opened
the attack by taking immediate steps
for an appeal from Judge Foell's de-
cision.

Johnson will not be used in any
contract.

SOME OFF-SIDE CHUTES.

Has Ray Schalk blown? Has the
backstop find of 1913 gone back?
Was the Mergenthaler expert at best
only a flash? These and many sim-
ilar questions being asked nowadays
would seem to place the burden of
the Sox losses upon the back of the
Litchfield youngster, and without a
shadow of fact to back them up,
Schalk has been worked all season
not unlike a mule in a southern
delta. He has been compelled to
get into harness and work when he
should have been under the care of
Trainer Buckner, all because in the
army of Sox players there is not a
backstop capable of handling the
shoots of the hurlers the best in the
American league. Red Kuhn is out
of the game owing to injuries; May-
er, while a heady backstop, is not
supplied with the necessary confi-
dence in himself, and the kid, Tom
Daly, will have to be schooled for
some time before he can be relied
upon. The Sox score yesterday show-
ed that seven Tigers in the game
Tuesday porch-climbed with ease,
and at first glance the fan would
be inclined to charge the base steal-
ing against Schalk. Reading the re-
turns, however, the story is differ-
ent. Reb. Russell is the player
with whom Detroit frolicked. Tex.
is probably the most careless man
in the box of any pitcher working
an American league uniform. When
in a game his mind is always cen-
tered on the batter; the men on the
paths are privileged run for Sweeney,
hence with Russell in action the
stolen base column always will be
occupied with numerals instead of
cyphers. Schalk is just as good as
ever, but he cannot field two pos-
itions at one time.

Old Rosebud, winner of the Ken-
tucky Derby at Churchill Downs,
has gone wrong in his near foreleg.
The horse was in the Withers stake
at Belmont park last Saturday and
left the barrier in good shape, but
when the stretch was reached, in the
scramble for position on the rail,
the Appleton gelding bowed a back
tendon and his trainer, Frank Weir,
will have a cripple upon his hands
until late in the fall. This misap-
comes at a time when the loss of
this great gelding will be keenly
felt, not only by Mr. Applegate, but
by the racing public, with whom Old
Rosebud had first call for all of the
big classics to be run around New
York and at Saratoga's Spa.

Buskin, the winner of the Metro-
politan at Belmont one week ago,
was unable to repeat in Littleneck
handicap at 1-16 miles Tuesday.
The Whelan horse finished third to
beat first and Buckhorn second.
Buskin's followers out on the limb
were well paid, the show price in the
speculation being 4 1/2 to 1.

The famous old race course, the
pride of the late E. J. "Lucky" Bal-
win, Santa Anita, near Los Angeles,
will soon be razed and converted in-
to a modern polo grounds and golf
links. A modern club house will be
built and an effort will be made by
Mrs. McLaughry, daughter of Bal-
win, to attract the best of the
American and foreign talent to the
new plant.

Minneapolis has two handy old
spaws in Lake and Fiene. When
these used-to-be "kids" are not
working in the box cantillon uses
one or the other in left field and as
the lead-off in the batting order.
Whatever their shortcomings may be
in the box, both Joe and Lou are
wholes with the willow. Seldom
does either of them emerge from a
game without stinging opposing
pitchers for a home run or for
brackets of doubles and triples.

Minneapolis is next door to the cel-
lar; but that position is occupied
through no lack of effort or deliv-
erance upon the part of these two
old wizards.

The Chifeds are congratulating
themselves because "King" Cole
jumped his Federal contract and re-
turned to Frank Chance. Thus far
this season—and the Kalamazoo bar-
ber has been in several battles—he
has not scored on the winning side
of the baseball ledger. Tuesday, the
Yankees had the Senators' number,
8 to 6, until the ninth, when Cole,
who succeeded Fisher in the sev-
enth, spilled the beans and allowed
Griffith's men to walk off with the
game, 9 to 8.

Tris Speaker these days is doing
very little to earn that alleged \$18,
500. For several days up to Tues-
day his lamps have failed to sight
even a timely sacrifice.

McGuire, the Chicago prairie waif
with the Chifeds, appears to be rather
a handy baseball tool. When he
is not winning games with his tanta-
lizing hopping ball, Tinker utilizes
him as a pinch hitter, and invariably
the youngster makes good with a
timely bingle. For a youngster in
his first year against "big" ball,
Tom's future is promising.

Gloom deserted the Cub camp
Tuesday evening. O'Day's bruins
again bumped the topping

BLUE AND GRAY TO
JOIN IN EXERCISES.
Washington, June 3.—The blue
and gray will join in a notable
program of exercises that is to be
carried out at the Arlington National
cemetery tomorrow on the occasion
of the unveiling of the imposing mon-
ument which has been erected to
the confederate dead who are buried
there. The final details of the un-
veiling program were arranged today
Col. Hilary A. Herbert, former secre-
tary of the navy and chairman of the
monument committee, will preside
at the exercises. President Wilson
as guests of honor will be Gen. Bennett
Young of Kentucky, commander-in-
chief of the United Confederate Vet-
erans, and Washington Gardner of
Michigan, commander-in-chief of the
Grand Army of the Republic. The
national heads of the United Daugh-
ters of the Confederacy and the Sons
of Confederate Veterans also will be
present. Hundreds of civil war vet-
erans from Virginia, Maryland, North
Carolina and other states will attend
the unveiling.

The monument to the confederate
dead was erected through the efforts
of the United Daughters of the Con-
federacy, which raised a fund of
\$50,000 for the purpose. It was de-
signed and executed by the American
sculptor, Sir Moses Ezekiel, himself
a southerner who served in the con-
federate army in his early youth and
was graduated the year after the
close of the war from the Virginia
Military Institute. The Arlington
memorial has received the unani-
mous praise of the art critics and
others who have been permitted to
view it.

SLOW PROGRESS UPWARD MADE IN STOCK MARKET

Significant Feature of the Market
Was Cessation of Professional
Pressure and Outside Liquidation.

New York, June 3.—Slow progress
upward was made in the stock mar-
ket today. Trading was in smaller
volume and the signs of reviving life
yesterday failed to show themselves
today. The significant feature was
cessation of professional pressure
and outside liquidation.

The market while irregular had
a good undertone and after moving
back and forth within a narrow range
displayed signs of real strength to-
ward the close.

Kidney Troubles Attack Jacksonville Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years—can't control the kidney secretions.

Girls are languid, nervous, suffer pain.

Women worry, can't do daily work.

Men have lame and aching backs.

If you have any form of kidney ills you must reach the cause—the kidneys.

Doan's Kidney Pills are for weak kidneys.

Have brought relief to Jacksonville people.

Jacksonville testimony proves it. Mrs. Mabel Hiles, 471 South East street, Jacksonville, Ill., says: "We used Doan's Kidney Pills in our family with fine results. They brought quick relief from backache and other symptoms of kidney trouble."

For sale by all dealers. Price 60 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Adv.

**IF SKIN ITCHES AND BREAKS
OUT APPLY SULPHUR**

Get Ounce of Bold-Sulphur Cream and Heal Eczema Right Up.

For years, common bold sulphur has occupied a secure position in the treatment of cutaneous affections, by reason of its parasite destroying property. It is not only parasiticidal, but also anti-pruritic, antiseptic and remarkably healing in irritable and inflammatory conditions of the skin.

The moment you apply it to an itching or broken out skin the itching stops and the healing begins, says a noted dermatologist. Just common bold-sulphur made into a thick cream effects such prompt and remarkable results, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

While not always establishing a permanent cure it never fails to subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

Any good pharmacist will supply an ounce of bold-sulphur cream which should be applied to the irritated or inflamed parts, like the ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the eruption is accompanied with itching.—adv.

**Empress of Ireland, Canadian Pacific Steamship That
Sank In St. Lawrence River, and Captain Kendall.**

Photos copyright, 1914, by American Press Association.

The collision of the Empress of Ireland, a Canadian Pacific steamship, with a collier in the St. Lawrence river about thirty miles from Father Point was followed by heroic rescues in lifeboats. Despite this the nation was shocked by the report that over 800 of the 1,200 passengers and crew had been lost. The steamer had sailed from Quebec for England with a heavy passenger list and collided in the fog with the collier Storsdad. Captain Kendall of the ill-fated steamer, shown here with the Empress of Ireland, was rescued.

**LOU BURK FAMOUS AS ANIMAL
PAINTER HAD WAR RECORD**

Served For Long Time in Captain Smith's Company.—Was Wounded in Battle of Altoona Pass.

Capt. Alexander Smith and other local veterans of the war of the rebellion have learned with regret of the recent death at his home in Bloomington of Lou Burk, famous the world over as a painter of animals.

Mr. Burk served in Capt. Smith's company, E. of the 7th Illinois. He served all through the conflict until he was wounded at the battle of Altoona Pass. Afterward he devoted himself to painting, specializing on animal life and gained a world wide reputation. The following facts concerning Mr. Burk's interesting life are taken from a Bloomington Panograph received by Capt. Smith.

"Simply as 'Lou Burk,' the signature used in his correspondence and on his pictures, he was known throughout the stock breeders and stock raising world. His signature and animal portraits are familiar to even thousands of children in homes scattered throughout central and western states, into which periodicals using his sketches go. By some admirers he has been called the American Rosa Bonheur.

"At the breaking out of the civil war Mr. Burk enlisted; part of his time was with the Seventh Illinois regiment, but most of his service was with the Sixty-eighth regiment, under Capt. Smith.

"One of the fiercest fights in which his regiment was engaged was at Altoona Pass, where the command lost 125 out of the 400 men. Here Mr. Burk was shot in the shoulder. At another time he was shipwrecked on a transport going from New York to North Carolina, and lay on the deck all day without food or water, when he and the other men were taken off by fishermen.

"Mr. Burk has always been an ardent Republican, was a member of the Masonic order and of the G. A. R. Although not a church member, a prominent local minister, recognizing his sterling character and qualities of heart, recently called him a 'good Christian.' He was a man of great kindness and honor, true and upright in all things, plain and unassuming. His home life was most of all to him. His friends believed that a man less modest would have put his work forward and have gained a much higher recognition.

"Mr. Burk was a great lover of animals and drifted into the portraiture of animals. His first work was in India ink for commercial purposes for cattlemen who issue catalogs of their blooded stock. From all parts of the stock raising districts he was called to sketch animals, which he could do with a masterful hand. The Breeders' Gazette, Wallace's Farmer, Orange Judd Farmer and such periodicals freely used his sketches. There are numerous large stock breeders through this country and Canada who have depended upon him for the last forty years to regularly supply sketches for their catalogs. When stricken he had work planned far ahead and returned daily requests that have kept coming.

"This he did for a livelihood; but he was haunted by a desire to produce something beautiful. In his leisure moments he applied himself to painting. His paintings are scattered all over the country."

DEDICATE AMERICAN SCHOOL IN TURKEY.

Constantinople, June 3.—The American College for Girls, which has been removed to a site on the European Bosphorus after having existed for a number of years at Scutari, was dedicated today with an interesting program of exercises. Three of the American trustees of the institution, Charles R. Crane of Chicago, and Walter B. Walker and George A. Plimpton of New York, participated in the dedication exercises. A number of officials of the Ottoman government and several of the foreign diplomats resident in Constantinople were present.

The institution dedicated today is to be known in the future as Constantinople college. The institution dates from 1871, in which year it began its career as a girls' high school. Six years ago a charter was secured from the Massachusetts legislature and the school was reorganized as the American College for Girls. Dr. Charles Cuthbert Hall, president of Union Theological seminary, New York, became president of the board of trustees.

The new site of the college embraces 54 acres of land on the heights of Anadolukewy overlooking the Bosphorus, and five miles from the city of Constantinople. Four of the seven buildings embraced in the architects' plans are completed and were dedicated today. Among those who have contributed liberally to the building fund are Mrs. Russell Sage, Mrs. Finlay Shepard and John D. Rockefeller.

FROM PRINCIPAL COLLINS.

The Journal is in receipt of the following letter from Principal Charles E. Collins, of the Jacksonville high school in which he states his position regarding the city superintendency of school.

To the Editor of the Journal:
"It has been stated in the Courier that I am in the contest for the office of city superintendent of the public schools of Jacksonville. I have also heard during the last week frequent rumors to the same effect. I, therefore, desire to state that I am not and have not been, nor do I expect to be a candidate for the office of superintendent of the city schools."

"Some time ago I informed the superintendent of schools and several days ago three members of the school board that I am not a candidate for the office of superintendent, and have authorized one of them in the event my name should come before the board for that position to immediately withdraw the same, and I now take this opportunity to notify the people of Jacksonville that they may know my position in this matter."

"Several weeks ago it was rumored that Mr. Gore was offered the superintendency of another school and several of the high school teachers came to my office at that time and said that in the event Mr. Gore should accept and I was offered the superintendency they wanted me to promise that I would remain in the high school, giving as a reason that they had in the last few years so many changes in the principalship of the high school that it had been impossible for them to carry out a definite policy. At that time I replied it was my desire to remain as principal of the high school and if the board of education saw fit to elect me to that position they could count on me filling the same, and I now repeat that I am still of that opinion."

"I have made the above statement in regard to my conversation with the teachers to explain what my attitude on the question of the superintendency has been all the time."

"Thanking you in advance for publishing this, I am,
"Very truly yours,
"Charles E. Collins."

TEACHERS' INSTITUTE IN PROGRESS WITH RECORD BREAKING CROWD

Later Registrations Have Brought the Total to 252—Good Work Being Done Under J. M. Pace and O. E. Reynolds.

The present enrollment at the county teachers' institute, two hundred and fifty-two, is according to Supt. Montgomery, the largest attendance in years and the interest and enthusiasm displayed Wednesday, the third day, would make it seem that the gathering will be a notable one from the standpoint of work accomplished as well as from the standpoint of numbers.

J. M. Pace, who has charge of the work in arithmetic, geography, history and civics, is an old friend of many of the teachers, having appeared on the program at Morgan county institutes many times before. Mr. Pace is ex-superintendent of schools of McDonough county and is not at present actively engaged in school work. Prof. Reynolds is instructor in science at Ellsworth college, Iowa Falls, Ia., and has charge here of the classes in agriculture and physics. The institute sessions are being held at the Jacksonville High school.

Supt. Montgomery has received fifty-three new names of teachers and prospective teachers since the last report. They are: Frances J. Kennedy, Ashland; Walter Wright, Concord; Ruth Sentz, Chapin; Katie E. Hyde, Mendota; Dennis Whalen, Franklin; Lulu Casen, Sinclair; Nellie Delaney, Murrayville; Hazel Antrobus, Chapin; Madge Gilson, Franklin; T. G. Beadles, Murrayville; Mae E. Koyne, Murrayville; Mary A. McCracken, Manchester; Minnie J. Lange, Beardstown; Mary Wright, Franklin; Ruth Moller, Murrayville; Hellen E. Crouse, Murrayville; Ina Irene Gibson, Murrayville; Lela Mae Jasper, Manchester; Virginia L. Entrikin, Murrayville; Alfred M. C. Dohr, Modesto; Lela Ash, Roadhouse; Clara C. Beguel, Murrayville; Hattie Masters, Arnold; Cecelia A. Brown, Litterberry; Kathryn M. Davis, Irene Phillips, Ethel L. McMahon and Ruth E. Miller, Daniel J. Staley, Bess Pyatt, Edith Ticknor, Ida S. Smith, Mabel Withee, Anna L. Stevenson, Isabel C. Baldwin, Elie K. Pyatt, J. H. Brown, Nelle Quigg, Rose L. Quigg, Eva Gladys Uzzell, Agnes S. Rogers, Rena DeFratres, Ethel Smith, Edwin D. Herald, Henrietta Lyman, Florence Biggs, Mary E. Shannon, Clara Cobb, Armeta Grace Brown, Elizabeth Koch, Army Pires, M. Bea Ellis and Harriet Seibert, all of Jacksonville.

MORE TROUBLE WITH THE ARMY WORM.

Reports of depredations by the army worm continue to come in from various points in the county. The army worm was at one time a common pest but its scarcity for a number of years has put farmers off their guard and resulted in a loss of knowledge as to the best methods of combating it. Old residents recall that it has been thirty years since this community has been troubled by ravages of the army worm. A wet spring which turns off into a dry summer is said by government publications to be the best sort of a season for its increase.

Robert Harney, one mile west of Lynnville, has a quantity of the pest in his pasture and has been using rollers to crush the worms. He thinks by rolling the infested areas from time to time that he can practically do away with the worms. W. L. Leach, west of Jacksonville, has been fighting the worms by the ditching method. William Gordon of Lynnville has been troubled with the pest as has Prince Coates, east of Riggston. Mr. Coates has a forty acre field which is badly infested.

FRANKLIN CITIZENS MAY OIL STREETS

The Franklin citizens have been discussing for several days the feasibility of oiling the streets. It has been figured that it will cost approximately 3 1-2 cents per square yard to do the work and this coating it is said will last a year. All of the merchants are heartily in favor of the oiled streets, with some opposition among the residents of the town.

FOR A WEEK'S OUTING.

Misses Clarabel Hopper, Lena Hopper, Irene Strandberg, Ida Marsh, Allie Marsh and Lala Roberts expect to leave today for Lake Mantanzas where they will camp for a week.

ILLINOIS PLAYS BRADLEY SATURDAY

LOCALS EXPECT SECOND VICTORY FROM VISITORS.

Peorians Reputed to Have New Pitcher and are Counting on a Victory—Millikin Comes For Last Game of Season Monday.

If Illinois college wins from Bradley Polytechnic in baseball next Saturday afternoon and again from Millikin here on Monday afternoon (Osage Orange Day), the locals will have won 8 games and lost three.

Earlier in the season Illinois crossed bats with Bradley on Bradley field which resulted in a victory for Illinois. Lidler who pitched for Bradley did not prove a stiff proposition to the local nine. And too, on that day Clifton was in poor form and was taken out in the 8th, when Bradley made so many runs. He was replaced by Atchison who was hit so hard that Clifton was put in to finish the game. Bradley has found a new star in their pitching staff in the person of Boleis. He pitched the game against Wesleyan and the Peorians won by a score of 4 to 2.

Illinois has won six games from Normal, Eureka, Carthage, Eastern Normal, Bradley and Lincoln. The game from Lincoln was only 3 1-2 innings with the score 9 to 0 in Illinois's favor so it is safe to say that the varsity tossers would have annexed that contest also. The locals lost two games to Wesleyan and one to Millikin.

Illinois' lineup Saturday will be: Urbane, Clifton—Pitchers. Darragh—Catcher. Atchison—First base. Brewer or Harmon—Second base. Bank—Short stop. Gary—Third base. Apple—Left field. Stewart—Center field. Pierce—Right field.

DIFFERENT AMBULANCES USED BY CHERRY'S LIVERY

Two Separate and Distinct Ambulance Services for Living and Dead Are Used.

A fact that seems to be not generally known is that there is in this city two separate and distinct ambulance services, both that are in their appointments seldom equalled in a city of many times the population of Jacksonville.

One of these ambulance services is for the exclusive use of persons who have been injured or are ill, and this ambulance never is used for transporting a corpse. The second ambulance is of an equally high order and is used exclusively for the transfer of bodies, when such is required, between railroad stations, etc.

There appears to be a reasonable prejudice in the minds of many people against taking an ambulance that has been used for the transportation of a corpse. For that reason, and for the further reason that in this respect as in all other, we put forth every endeavor to keep abreast of the times and to serve the public well in our capacity, we long ago inaugurated the two distinct ambulance services. These vehicles are modern in type and are ready for instant use.

CHERRY'S LIVERY.
